OFF-ROAD ACCESSORIES

**DON'T EXPECT IT.
DEMAND IT!**

When your Yamaha needs scheduled service, maintenance, repair, or that perfect accessory, nothing can replace **Yamaha Genuine Parts & Accessories**. Genuine parts are just that, the same high-quality parts originally specified by the engineers for your Yamaha. What's more, Yamaha Accessory engineers work hand-in-hand with the same team of engineers that designed your Yamaha to develop Yamaha Genuine Accessories.

Making your vehicle look and perform as only a Yamaha can takes advanced research and the use of state-of-the-art materials. But that's not all. By continually subjecting these parts and accessories to a demanding testing program designed to evaluate functionality and durability, we give you peace of mind – no need to worry about inferior aftermarket parts.

Yamaha Genuine Accessories always deliver the highest fit, finish, and style while Yamaha Genuine Parts provide the same true quality and performance as the original part that was on your Yamaha, every time.

Whether in the dirt, on the road, through the snow, or over the water... **Don't Expect It, Demand It!**®

WATCH FOR THE **“MUST HAVE”** LOGOS THROUGHOUT THE CATALOG. THESE HAND-PICKED, ESSENTIAL ACCESSORIES ARE THE STARTING POINT FOR YOU TO BUILD YOUR ULTIMATE VEHICLE.

A. GYTR® PORTED CYLINDER HEAD ASSEMBLY

The GYTR® Ported Cylinder Head Assembly comes fully assembled and ready to install with no costly core charges, deposits or exchange programs that can add downtime. CNC milling helps eliminate the variances that hand porting can produce. The head was developed on the flow bench in conjunction with dyno and track testing to ensure the ultimate in performance and durability. GYTR Performance Camshaft Kit is included, as well as stock valve train and cam gears for durability and easy maintenance. GYTR Head Assemblies are used by Yamaha SX/ MX and ATV Race Teams.

This accessory is restricted to closed-course competition use. See California Regulations regarding Emission-Related Parts and Accessories for products for closed-course competition use only.

B. GYTR® PERFORMANCE CAMSHAFT KIT

Maximize your top-end horsepower with this Performance Cam Kit. Ground to exact specifications using special CNC cam-grinding machines. Special billet alloy construction provides consistent machined surfaces for increased durability, with advanced REM® surface finishing, a technology that, on a nano level, allows for better lubrication. Cams come with durable stock cam gears and de-comp installed, degreed-in, and ready to install. No costly core charges or deposits, or exchange programs that can add to downtime. Designed for use in modified engines equipped with a high compression piston.

This accessory is restricted to closed-course competition use. See California Regulations regarding Emission-Related Parts and Accessories for products for closed-course competition use only.

A. GYTR® HIGH COMPRESSION PISTON KIT

The GYTR High Compression Piston Kit provides a performance boost throughout the rpm range while maintaining a high level of durability. Machined valve pockets provide additional valve clearance when used with higher lift camshafts. The kit includes piston rings, piston pin, and clips (uses stock replacements). Requires use of minimum 100-octane racing fuel. This accessory is restricted to closed-course use.

IMPORTANT:

- GYTR Oil Sprayer (1SL-E16B0-V0-00) is required for GYTR High Compression Piston Kit.
- The 2018 model YZ450F requires installation of an NGK® CR8E spark plug (CR8-E0000-00).

Fits '14~'18 YZ450F
1SL-E16A0-V0-00.....\$255.99

B. OIL SPRAYER

This oil sprayer is precision constructed out of CNC machined aluminum with a special 2-hole design. Manufactured to exact tolerances for performance and durability. Provides additional under piston lubrication. Required for usage of GYTR Piston.

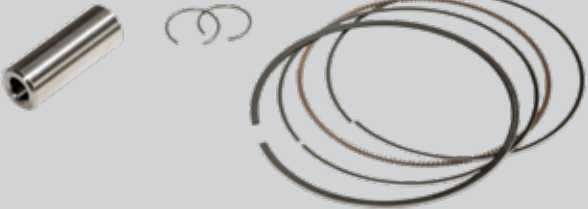

Fits '14~'18 YZ450F
1SL-E16B0-V0-00.....\$26.99

C. GYTR® OFF-ROAD FLYWHEEL

This complete flywheel assembly features an increase in inertia mass that smoothes the power delivery. Helps get power to the ground and keep your momentum up through corners and tricky sections, resulting in faster lap times and more race wins. Easy to install, allowing you the opportunity to change flywheels for different types of riding.

A. **NEW!** GYTR® BY FMF® MEGABOMB® HEAD PIPE

The GYTR by FMF® MegaBomb® Head Pipe can provide as much as a 3 hp boost, plus the MegaBomb® actually reduces noises levels by as much as 1.5 dBA. Used by Yamaha Race Teams. The MegaBomb® is designed to perform at the world's highest levels of racing. It produces long header torque and short header over-rev. This accessory is restricted to closed-course use.

Fits '18 YZ450F Available in Stainless Steel & Titanium
a. BR9-E46A0-T0-00 (Stainless Steel)(Shown).....**\$379.99**
BR9-E46A0-V0-00 (Titanium)**\$499.99**

33D-E46A0-T0-00 (Titanium)**\$449.99**

B. GYTR® BY FMF® POWERBOMB® HEAD PIPE

The Stainless Steel PowerBomb® is a four-stroke header that incorporates the patented PowerBomb® module at a precise location in the initial stage of the header. By positioning this "Bomb" at a key point in the system, increased performance and flow is achieved through the expansion and contraction of exhaust sonics through the system. The result is a flow increase of nearly 10%! The outer chamber in the PowerBomb® allows the air to expand, cool, and ramp back up at a higher velocity. Additionally, the PowerBomb® is a "pre-muffler" of sorts, which helps to lower the bike's sound output by providing more sound absorbing surface area for the sound medium (exhaust gases). The PowerBomb® provides power focused in the mid to upper rpm range. This accessory is restricted to closed-course use.

Fits '07~'09 YZ450F
2S2-E46A0-V0-00 (Stainless Steel)**\$199.99**

COVERS	A. HAMMERHEAD™ ROCKET LAUNCHER HOLESHOT DEVICE The #1 problem with most holeshot devices is failure due to the push pin getting kinked and locked in the sides of the soft aluminum catch slot built into the fork strap. This is a result of the pressure pulling the pieces apart and the hard steel pin crushing and deforming the soft aluminum button body and fork strap. With these old designs, it is not a matter of if, but when, you will have a failure that could cost you a race and possibly much more. With the new-design Hammerhead™ Rocket Launcher, your holeshot is guaranteed. Fits '06~'18 YZ450F; '16 ~'18 YZ450FX DBY-ACC56-33-08 (Black)\$102.99 DBY-ACC56-33-09 (Blue)\$102.99

A. BATFLY 270 OVERSIZED ROTOR KIT

The 270mm Batfly is the natural evolution of the popular BRAKING™ design profile and is easily recognizable thanks to the black grooves that are cut across the outer braking track resembling bat wings, hence the name “Batfly.” The new version features a new carrier that has been 100% heat treated and redesigned for strength as well as a redesign of the outer profile and grooves for a trick new look. With the larger 270mm diameter, maximum braking power is obtained, but with the Batfly design, brake feeling is increased even further, achieving the perfect combination of stopping power and brake feel. BRAKING's™ Batfly profile maintains the lowest temperature possible in race conditions, resulting in a better progression in brake feeling than any other oversized rotor kit available. Kit includes 270mm oversized Batfly design rotor, caliper relocation bracket, and a set of CM46 Sintered Race series pads.

Fits '08~'18 YZ450F; '16~'18 YZ450FX
GYT-OSS56-30-63.....\$354.99

B. FORK BLEEDERS BY MOTION PRO®

The Fork Bleeders by Motion Pro® feature:

- Release trapped air in forks with push of a button
- Small, unobtrusive profile
- Installs in minutes
- Fits any bike with a 5mm x 0.08 thread pitch

Fits '09~'18 YZ450F; '16~'18 YZ450FX
DBY-ACC56-34-66.....\$15.99

C. GYTR® PLASTIC CHAIN GUIDE

This ultra-durable UHMWPE plastic guide is designed to flex, not bend, in the event of impact.

Fits '07~'18 YZ450F; '16~'18 YZ450FX
17D-F21E0-V0-00 (Black).....\$88.99

D. GYTR® RADIATOR CAGES

Full cage with rod design and constructed with stamped 3.2mm aluminum to provide strength and protection in the event of side impacts. Easy-to-install design means radiator removal is not required.

NEW! Fits '18 YZ450F
BR9-E24D0-V0-00 (Shown).....\$119.99

Fits '14~'17 YZ450F
1SL-E24C0-S0-S0.....\$109.95

Fits '16~'18 YZ450FX
2GB-E24C0-V0-00\$133.99

E. GYTR® RADIATOR BRACES

Constructed of lightweight aluminum for an optimized strength-to-weight ratio. Thinner and lighter material is possible due to the rolled edges that provide extra strength. Structural ribs run along the sides of the braces to limit radiator damage from side impact. All required mounting hardware included. No trimming of the plastics is required to install.

NEW! Fits '18 YZ450F
BR9-E24C0-V0-00 (Shown).....\$99.99

Fits '14~'17 YZ450F
1SL-E24C0-V0-00.....\$107.99

B

C

D

E

A. AIR BOX WASH CAP

Eases air box cleaning and leaves no gaps that would allow water to penetrate when used. Made of ABS plastic with a closed cell foam rubber gasket. Tool-less install and removal.

NEW! Fits '18 YZ450F
BR9-E41E0-V0-00 (Shown)\$36.99

Fits '14~'17 YZ450F
1SL-E41E0-V0-00\$38.99

B. YAMAHA GENUINE REPLACEMENT SIDE COVERS

The Yamaha Genuine Replacement Side Covers are sold as a pair. Yamaha Genuine replacements for the stock covers (graphics not included). Less expensive than purchasing stock covers that use a very expensive inlay process for the graphics. Includes metal collars.

Fits '14~'17 YZ450F; '16~'18 YZ450FX
1SL-W003D-00-00 (White)\$99.99

C. POWERFLOW INTAKE SHROUDS BY CYCRA®

Patented Cycra® Powerflow technology dramatically reduces radiator, fuel tank, and engine head temperatures. Integration of forced air inlets into the airbox cover allows additional air intake and eliminates the need to drill holes. Scoops allow more air into the airbox for added performance. Airbox cover mates to the Powerflow shrouds for complete system. Narrows the space between the rider’s leg and knee area for better ergonomics. Leading edge is “tucked in” to prevent boot snag.

Fits '14~'17 YZ450F; '16~'18 YZ450FX
DBY-ACC56-34-74 (Black).....\$124.99
DBY-ACC56-34-75 (White)\$124.99

A. NEW! GYTR® 2018 MX GLIDE PLATE
The GYTR MX Glide Plate is constructed of high-molecular-weight polyethylene. The MX Glide Plate is a flexible, lightweight and low drag-coefficient alternative to aluminum glide plates when needing a smooth surface for “gliding” over obstacles. Water pump and coolant hose protection integrated into glide plate design.

Fits '18 YZ450F
BR9-F14B0-V0-00\$119.99

B. GYTR® MX GLIDE PLATE
The GYTR MX Glide Plate is constructed of high molecular weight polyethylene. The MX Glide Plate is a flexible, lightweight and low drag coefficient alternative to aluminum glide plates when needing a smooth surface for “gliding” over obstacles. It can be used in conjunction with stock water pump cover or GYTR Water Pump Guard.

Fits '14~'17 YZ450F
1SL-F14B0-S0-00\$128.99

C. NEW! GYTR® 2018 ENDURO GLIDE PLATE
The GYTR Enduro Glide Plate is the ultimate in protection when gliding over obstacles. This easy-to-install upgrade is made of 3.2mm aluminum and features billet aluminum mounting brackets. Water pump and coolant hose protection integrated into glide plate design.

Fits '18 YZ450F
BR9-F14B0-T0-00\$139.99

D. ENDURO SKID PLATE
This aluminum plate is designed with side skirts to help protect the lower frame rails, critical engine components, water pump, ignition cover, and clutch components even on the gnarliest enduro course.

Fits '14~'17 YZ450F
1SL-F14B0-V0-00\$140.99

A. GYTR® ALUMINUM SKID PLATE
This aluminum plate is designed with side skirts to help protect the lower frame rails, critical engine components, water pump, ignition cover, and clutch components even on the gnarliest enduro course.

Fits '16~'18 YZ450FX
2GB-F14B0-V0-00\$128.99

B. WATER PUMP GUARD
This lightweight ABS plastic guard replaces the stock plastic guard for added protection to the right side engine components and lower drag coefficient. It will flex and not bend during an impact and can be used alone or with GYTR MX Glide Plate. (Shown here with optional skid plate, sold separately.)

Fits '14~'17 YZ450F
1SL-F14C0-V0-00\$51.99

C. GYTR® PLASTIC REAR BRAKE GUARD
The GYTR Rear Brake Disc Guard is made of ultra-durable UHMWPE (Ultra High Molecular Weight Polyethylene). This disc guard is designed to flex and not bend upon impact. Improved durability in gnarly off-road competition conditions. Machined collars and OE style hardware allows for easy, same tool installation.

Fits '06~'18 YZ450F; '16~'18 YZ450FX
1DX-F58F0-V0-00\$112.99

D. CARBON FIBER FRONT DISC GUARD BY LIGHTSPEED®
Carbon fiber construction provides the ultimate combination of a lightweight yet super strong part. Directional venting aids heat reduction, reducing brake fade. Kevlar® reinforcement patch placed in strategic areas to aid in durability. Helps protect the front brake disc. Will work on oversized brake rotors up to 295mm.

Fits '06~'13 YZ450F

A. GYTR® REAR SPROCKETS
These GYTR Rear Sprockets are made from 7075-T6 billet aluminum CNC-machined for maximum fit accuracy. Features a radial mud groove etched just inside the sprocket teeth to shed mud and grit which saves weight and increases chain life. Sprocket sizes other than stock are for closed-course competition only on '06 and later off-road models and all street legal models. Changing the final drive ratio affects exhaust emissions and also affects speedometer readings.
Fits '03~'18 YZ450F; '16~'18 YZ450FX

C. GYTR® ULTRA-HIGH PERFORMANCE RACING CHAINS BY EK®
GYTR Ultra-High Performance Racing Chains & Links by EK® offer the ultimate balance of performance and durability for various applications. Chains will not work on vehicles with a shaft drive.

520 GDO(2) O-Ring Chain:

- Displacement Limit: Up to 650cc
- Tensile strength = 8,000 lb
- 120 links
- Manufactured by the inventor of the world's first O-ring
- Ideal for small and mid-sized off-road motorcycles, sportbikes, and ATVs
- Includes clip and rivet type master link

A. GPR® STEERING STABILIZER

GPR® Stabilizers are precision-machined for proven reliability and superior quality. Kit comes with the GPRV1 stabilizer and billet-machined mounting brackets. The patented “pin-less” mounting brackets eliminates any slop that might normally exist with the traditional aftermarket pin-and-slot mounting systems. Easy installation provides bolt-on performance. No drilling, tapping, or welding required. Intended to fit with OEM bars.

Fits '14~'18 YZ250F; '15~'18 YZ250FX

DBY-ACC56-34-63\$495.00

B. GYTR® PORTED CYLINDER HEAD ASSEMBLY

The GYTR Ported Cylinder Head Assembly comes fully assembled and ready to install with no costly core changes or deposits or exchange programs that can add downtime. CNC milling helps eliminate the variances that hand porting can produce. The head was developed on the flow bench in conjunction with dyno and track testing to ensure the ultimate in performance and durability. GYTR Performance Camshaft Kit is included, as well as stock valve train and cam gears for durability and easy maintenance. GYTR Head Assemblies are used by Yamaha SX/ MX and ATV Race Teams.

cc

NOTE: GYTR Air Boot is recommended for the GYTR Ported Cylinder Head Kit.

Fits '17~'18 YZ250F

1SM-E11B0-S0-00.....\$1,999.99

Fits '14~'16 YZ250F

1SM-E11B0-T0-00.....\$2,040.99

C. GYTR® HIGH COMPRESSION PISTON KIT

The GYTR High Compression Piston Kit provides a performance boost throughout the rpm range while maintaining a high level of durability. Machined valve pockets provide additional valve clearance when used with higher lift camshafts. The kit includes piston rings, piston pin, and clips (uses stock replacements). Requires use of minimum 100-octane racing fuel. Boosts engine compression ratio to 14:1.

This accessory is restricted to closed-course competition use. See California Regulations regarding Emission-Related Parts and Accessories for products for closed-course competition use only.

IMPORTANT: For use on 2014-2015 YZ250F models, you must replace stock oil nozzle with newer component (1SM-15155-10-00) for proper function of GYTR High Compression Piston.

Fits '14~'18 YZ250F; '15~'18 YZ250FX

F. GYTR® BY FMF® POWERBOMB® HEAD PIPE

The Stainless Steel PowerBomb® is a four-stroke header that incorporates the patented PowerBomb® module at a precise location in the initial stage of the header. By positioning this “Bomb” at a key point in the system, increased performance and flow is achieved through the expansion and contraction of exhaust sonics through the system. The result is a flow increase of nearly 10%! The outer chamber in the PowerBomb® allows the air to expand, cool, and ramp back up at a higher velocity. Additionally, the PowerBomb® is a “pre-muffler” of sorts, which helps to lower the bike’s sound output by providing more sound absorbing surface area for the sound medium (exhaust gases). The PowerBomb® provides power focused in the mid to upper rpm range. This accessory is restricted to closed-course use.

Fits '10~'13 YZ250F
17D-E46A0-S0-00 (Stainless Steel)\$199.99

Fits '10~'13 YZ250F

A. GYTR® BY FMF® TITANIUM RCT FACTORY 4.1™ MUFFLER

The patented FMF® Resonance Chamber Technology enhances and refines exhaust pressure. Its patented core shape lowers sound level while maintaining maximum power output, and the patented canister shape increases internal volume for more sound-absorbing material. Factory Forward Engineering centralizes mass and is less prone to impact damage. Maintenance is easy remove four screws on the front end cap, and the innovative rear end cap simplifies the installation of the spark arrestor (sold separately) or tuning tip inserts. Includes QuietCore™ Spark Arrestor 94 dBA insert. Meets AMA® and FIM sound requirements. It is compatible with stock or FMF® header and made in the U.S.A. This accessory is restricted to closed-course use. Head Pipe not included.

Fits '14~'18Y2250F; '15~'18 YZ250FX
1SM-E47A0-V0-00 (Titanium)\$599.99

B. GYTR® BY FMF® FACTORY 4.1™ MUFFLER

This Factory 4.1™ Muffler incorporates the latest FMF® Resonance Chamber Technology. The patented chamber design enhances and refines exhaust pressure. Its patented core shape lowers sound level while maintaining maximum power output, and the patented canister shape increases internal volume for more sound-absorbing material. Factory Forward Engineering centralizes mass and is less prone to impact damage. Maintenance is made easy with the removal of four screws on the front end cap, and the innovative rear end cap simplifies installation of the spark arrestor (sold separately) or tuning tip inserts. Includes QuietCore™ 94 dBA insert. Meets AMA® and FIM sound requirements. Compatible with stock or FMF® header. Built 100% in the U.S.A. This accessory is restricted to closed-course use.

Fits '06~'13 YZ250F
2S2-E47A0-T0-00 (Aluminum)\$499.99

C. POWERCORE® 4 HEX MUFFLER

The PowerCore® 4 is designed to increase the horsepower and torque throughout the entire power curve and give you a noticeable power increase that is very usable and beneficial, no matter your riding style or ability. Features include space age internal packing for maximum packing life and a high-flow modular end cap. Internal core shape uses high-flow technology. Enhanced sonic evacuation provides for higher flow and increased power. Muffler includes removable spark arrestor. 97.5 dBA sound level. 95.5 dBA with QuietCore™ Spark Arrestor Insert, sold separately. This accessory is restricted to closed-course use. Head Pipe not included.

Fits '14~'18 YZ250F; '15~'18 YZ250FX
1SM-E47A0-T0-00 (Aluminum)\$336.99

D. GYTR® BY FMF® QUIETCORE™ SPARK ARRESTOR INSERT

Noise-reducing insert with spark arrestor for the GYTR® by FMF® Factory 4.1™ Mufflers. Muffler is for closed-course use regardless of modification.

Fits '09~'18 YZ250F with GYTR® by FMF® Factory 4.1™ Mufflers
33D-E46C0-R0-00.....\$39.99

E. GYTR® BY FMF® QUIETCORE™ SPARK ARRESTOR INSERT

Noise-reducing insert with spark arrestor for the GYTR® by FMF® PowerCore® 4 Mufflers. Sound level is 95 dBA on 250 models. Muffler is for closed-course use regardless of modification.

Fits '09~'18 YZ250F; '15~'18 YZ250FX with GYTR® by FMF® PowerCore® Mufflers
33D-E46C0-T0-00\$39.99

F. GYTR® BY FMF® REPLACEMENT SPARK ARRESTOR INSERT

The GYTR® by FMF® Replacement Spark Arrestor Insert is designed to fit the GYTR by FMF® PowerCore® 4 Mufflers.

Fits '09~'18 YZ250F; '15~'18 YZ250FX with GYTR® by FMF® PowerCore® Mufflers

A. GYTR® POWER TUNER
This easy plug-in fuel-injection and ignition tuning tool allows riders to quickly adjust the fuel and ignition maps to suit riding conditions and rider preference. Allows nine easy-to-program adjustment points for both the fuel and ignition maps. Monitor function allows user to monitor the data from various sensors on the bike as well as adjust idle timing, see engine running time, and self-diagnosis function. Powered by two AA batteries, thus no laptop or time consuming downloads necessary. Unit does not have to be plugged into bike to create maps. Compact design can fit in the palm of your hand, pocket, etc. Memory function can save up to nine custom maps. Plugs right into the YZ250F and YZ250FX ECU.

Fits '14~'18 YZ250F; '15~'18 YZ250FX
33D-H59C0-V1-00.....**\$298.99**

B. RADIATOR FAN KIT
This radiator fan kit adds a cooling fan to the right side radiator, increasing the overall cooling capability. Good for tight, muddy riding conditions and competition. Easy installation— motorcycle is already pre-wired for plug-and-play. No modifications necessary. YZ models are for closed-course use regardless of modification.

Fits '15~'18 YZ250FX
B29-E24E0-V0-00.....**\$72.99**

C. OVERSIZED FUEL TANKS BY IMS
These tanks are designed to carry more fuel and enhance the appearance of your motorcycle. Larger capacity than stock, yet very slim and sleek. Provides greater riding distance per full tank. Perfect for races where the extra distance can mean the difference between winning and losing. These tanks are made with Polyethylene Crosslink for extra strength and durability. Suitable only for closed-course competition.

D. HAMMERHEAD™ ROCKET LAUNCHER HOLESLOT DEVICE - BLACK
The #1 problem with most holeshot devices is failure due to the push pin getting kinked and locked in the sides of the soft aluminum catch slot built into the fork strap. This is a result of the pressure pulling the pieces apart and the hard steel pin crushing and deforming the soft aluminum button body and fork strap. With these old designs, it is not a matter of if, but when, you will have a failure that could cost you a race and possibly much more. With the new-design Hammerhead™ Rocket Launcher, your holeshot is guaranteed.

Fits '06~'18 YZ250F

The Fork Bleeders by Motion Pro® feature:

- Release trapped air in forks with push of a button
- Small, unobtrusive profile
- Installs in minutes
- Fits any bike with a 5mm x 0.08 thread pitch

Fits '06~'18 YZ250F; '15~'18 YZ250FX
DBY-ACC56-34-66.....**\$15.99**

C. YAMAHA GENUINE BEARING KITS

These Yamaha Genuine Bearing Kits come with all of the components needed to rebuild the swingarm pivot, shock linkage, and shock bearings. Kits include all of the original equipment bearings, seals, O-rings, and collars your bike came with. Unlike some of the aftermarket companies that use a lower quality bearing, these bearings are O-ring-sealed to prevent intrusion of dirt, mud, and water and are made of top quality materials. If you don't want to do the job again and in half the time your original bearings lasted, then use these Yamaha Genuine Kits.

A. BATFLY 270 OVERSIZED ROTOR KIT

The 270mm Batfly is the natural evolution of the popular BRAKING™ design profile and is easily recognizable thanks to the black grooves that are cut across the outer braking track resembling bat wings, hence the name “Batfly.” The new version features a new carrier that has been 100% heat treated and redesigned for strength as well as a redesign of the outer profile and grooves for a trick new look. With the larger 270mm diameter, maximum braking power is obtained, but with the Batfly design, brake feeling is increased even further, achieving the perfect combination of stopping power and brake feel. BRAKING®’s Batfly profile maintains the lowest temperature possible in race conditions, resulting in a better progression in brake feeling than any other oversized rotor kit available. Kit includes 270mm oversized Batfly design rotor, caliper relocation bracket, and a set of CM46 Sintered Race series pads.

Fits '07~'18 YZ250F
GYT-OSS56-30-63.....**\$354.99**

B. GYTR® STAINLESS STEEL BRAIDED BRAKE LINE KIT

These top-quality brake lines are designed to not fatigue even under extreme conditions.

Fits '09~'18 YZ250F; '15~'18 YZ250FX
5XC-F58A0-V0-00 (Rear).....**\$61.99**

Fits '10~'18 YZ250F

Fits '08~'09 YZ250F
5XC-F58E0-V0-00 (Front)**\$73.99**

C. GYTR® BILLET IGNITION COVER

Constructed of billet aluminum and coated with a hard anodized finish, the GYTR Billet Ignition Cover was developed in conjunction with race teams to provide a stronger cover that limited the risk of loosening oil cap and large timing plug during a race. The improved finish is both durable and attractive. Installation removes the oil cap and both timing plugs. Note: Image of YZ450F ignition cover shown.

Fits '14~'18 YZ250F
1SM-E54G0-V0-00.....**\$250.99**

D. GYTR® RADIATOR BRACES

Constructed of lightweight aluminum for an optimized strength-to-weight ratio. Thinner and lighter material is possible due to the rolled edges that provide extra strength. Structural ribs run along the sides of the braces to limit radiator damage from side impact. All required mounting hardware included. No trimming of the plastics is required to install.

Fits '14~'18 YZ250F
1SL-E24C0-V0-00**\$107.99**

E. GYTR® RADIATOR CAGES

These GYTR radiator cages offer another level of protection against serious radiator damage. Full cage with rod design. Lightweight yet sturdy constructed with stamped 3.2mm aluminum to provide strength and protection in the event of side impacts. No modifications necessary. Easy-to-install design means radiator removal is not required. Installs in minutes.

Fits '14~'18 YZ250F

Figure 1 illustrates the assembly of the 3D printed parts. The figure is divided into five panels labeled A through E. Panel A shows a single black 3D printed part. Panel B shows two white 3D printed parts. Panel C shows a collection of 3D printed parts in black, white, and blue, including a red and blue assembly. Panel D shows a collection of 3D printed parts in white and blue. Panel E shows a collection of 3D printed parts in blue and white.

A. GYTR® PLASTIC REAR BRAKE GUARD	
The GYTR Rear Brake Disc Guard is made of ultra-durable UHMWPE (Ultra High Molecular Weight Polyethylene). This disc guard is designed to flex and not bend upon impact. Improved durability in gnarly off-road competition conditions. Machined collars and OE style hardware allows for easy, same tool installation.	
<i>Fits '06-'18 YZ250F; '15-'18 YZ250FX</i>	
1DX-F58FD-V0-00	\$112.99
B. YAMAHA GENUINE REPLACEMENT SIDE COVERS	
The Yamaha Genuine Replacement Side Covers are sold as a pair. Yamaha Genuine replacements for the stock covers (graphics not included). Less expensive than purchasing stock covers that use a very expensive inlay process for the graphics. Includes metal collars.	
<i>Fits '14-'18 YZ250F; '15-'18 YZ250FX</i>	
1SL-W003D-00-00 (White)	\$99.99
C. POWERFLOW INTAKE SHROUDS BY CYCRA®	
Patented Cycra® Powerflow technology dramatically reduces radiator, fuel tank, and engine head temperatures. Integration of forced air inlets into the airbox cover allows additional air intake and eliminates the need to drill holes. Scoops allow more air into the airbox for added performance. Airbox cover mates to the Powerflow shrouds for complete system. Narrows the space between the rider's leg and knee area for better ergonomics. Leading edge is "tucked in" to prevent boot snag.	
<i>Fits '14-'18 YZ250F; '15-'18 YZ250FX</i>

	C. GYTR® REAR SPROCKETS These GYTR Rear Sprockets are made from 7075-T6 billet aluminum CNC-machined for maximum fit accuracy. Features a radial mud groove etched just inside the sprocket teeth to shed mud and grit which saves weight and increases chain life. Sprocket sizes other than stock are for closed-course competition only on '06 and later off-road models and all street legal models. Changing the final drive ratio affects exhaust emissions and also affects speedometer readings. <i>Fits '01~'18 YZ250F; '15~'18 YZ250FX</i> GYT-75339-47-BK (Black, 47T) \$61.99 GYT-75339-47-BL (Blue, 47T) \$62.99 GYT-75339-48-BK (Black, 48T) \$62.99 GYT-75339-48-BL (Blue, 48T) \$62.99 GYT-75339-48-MG (Gold, 48T) \$61.99 GYT-75339-49-BK (Black, 49T) \$62.99 GYT-75339-49-BL (Blue, 49T) \$62.99 GYT-75339-49-MG (Gold, 49T) \$62.99 GYT-75339-50-BK (Black, 50T) \$62.99 GYT-75339-50-BL (Blue, 50T) \$62.99 GYT-75339-50-MG (Gold, 50T) \$62.99 GYT-75339-51-BK (Black, 51T) \$62.99 GYT-75339-51-BL (Blue, 51T) \$62.99 GYT-75339-51-MG (Gold, 51T) \$61.99 GYT-75339-52-BK (Black, 52T) \$61.99 GYT-75339-52-BL (Blue, 52T) \$62.99 GYT-75339-52-MG (Gold, 52T) \$61.99 GYT-75339-53-BK (Black, 53T) \$61.99 GYT-75339-53-BL (Blue, 53T) \$61.99
	D. GYTR® FRONT SPROCKETS BY TALON® Made from heat-treated chromoly steel and CNC-machined to extremely high tolerances. Zinc finish to help combat corrosion. Sprockets feature self-cleaning grooves to shed mud and grit, as well as reduce weight while maintaining strength. Sprocket sizes that increase the final drive ratio over stock are for closed-course competition only on '06 and later models because regulated exhaust emissions are affected. <i>Fits '14~'18 YZ250F; '15~'18 YZ250FX</i> GYT-75504-13-00 (Silver, 13T) \$26.99 GYT-75504-14-00 (Silver, 14T) \$26.99 <i>Fits '05~'13 YZ250F</i> GYT-75503-12-00 (Silver, 12T) \$26.99 GYT-75503-13-00 (Silver, 13T) \$26.99 GYT-75503-14-00 (Silver, 14T) \$26.99

A. GYTR® ULTRA-HIGH PERFORMANCE RACING CHAINS BY EK®
GYTR Ultra-High Performance Racing Chains & Links by EK® offer the ultimate balance of performance and durability for various applications. Chains will not work on vehicles with a shaft drive.

- 520 GDXL(2) Quadra-Ring Lite Chain:**
- Displacement Limit: Up to 650cc
 - Tensile strength = 8,500 lb
 - 120 links
 - Designed to reduce friction up to 40%
 - Lasts 50% longer than the conventional O-ring chains
 - Lighter version of the 520 GDx for small and mid-sized off-road motorcycles, sportbikes, and ATVs

- GYT-ACC56-20-01** (Gold, 520 GDXL2 X-Ring Lite Chain).....**\$118.99**

A. GPR® STEERING STABILIZER

GPR® Stabilizers are precision-machined for proven reliability and superior quality. Kit comes with the GPRV1 stabilizer and billet-machined mounting brackets. The patented “pin-less” mounting brackets eliminates any slop that might normally exist with the traditional aftermarket pin-and-slot mounting systems. Easy installation provides bolt-on performance. No drilling, tapping, or welding required. Intended to fit with OEM bars.

Fits '17~'18 WR450F; '15~'18 WR250F

DBY-ACC56-34-63	\$494.99
------------------------------	-----------------

B. CYCRA® SERIES ONE PROBEND® HAND GUARDS

Cycra® blended the best features of a straight bar and the classic Pro bend®, to result in the Series One Pro bend®. Many riders prefer the straight bar end with more of a closed-in area but still want ample room for levers, hands, and controls. Cycra® was able to accommodate both by adding a subtle drop in the bar end. Requires “U” Clamp Set (sold separately) for specific type of handlebar.

Fits '05~'18 WR450F; '05~'18 WR250F

DBY-ACC56-34-02 (White)	\$64.99
DBY-ACC56-34-03 (Blue)	\$65.99
DBY-ACC56-34-01 (Black)	\$64.99

C. CYCRA® REBOUND HAND SHIELDS

Unrivaled strength against trail debris. Vigorously tested for durability and quality assurance. Great alternative to wraparound systems for woods or MX. Patented folding shield for those unexpected obstacles or accidental falls. Billet aluminum mounts and reinforced backbone on shield. In-molded rubber edge provides increased protection. Can be mounted over or under bars for easy installation and clean hand control area. Includes shields, mounts, and hardware. Sold in pairs.

Fits '05~'18 WR450F; '05~'18 WR250F

WHEELS

A. GYTR® PLASTIC REAR BRAKE GUARD

The GYTR Rear Brake Disc Guard is made of ultra-durable UHMWPE (Ultra High Molecular Weight Polyethylene). This disc guard is designed to flex and not bend upon impact. Improved durability in gnarly off-road competition conditions. Machined collars and OE style hardware allows for easy, same tool installation.

Fits '07~'18 WR450F; WR250F
1DX-F58F0-V0-00.....\$112.99

B. CARBON FIBER FRONT DISC GUARD BY LIGHTSPEED®

Carbon fiber construction provides the ultimate combination of a lightweight yet super strong part. Directional venting aids heat reduction, reducing brake fade. Kevlar® reinforcement patch placed in strategic areas to aid in durability. Helps protect the front brake disc. Will work on oversized brake rotors up to 295mm.

Fits '06~'18 WR450F; '06~'18 WR250F
GYT-OSS56-30-29.....\$122.99

C. GYTR® ALUMINUM ENDURO SKID PLATE

This aluminum plate is designed with side skirts to help protect the lower frame rails, critical engine components, water pump, ignition cover, and clutch components even on the gnarliest enduro course.

Fits '16~'18 WR450F; '15~'18 WR250F
2GB-F14B0-V0-00\$128.99

D. ENDURO SKID PLATE

This aluminum plate is designed with side skirts to help protect the lower frame rails, critical engine components, water pump, ignition cover, and clutch components even on the gnarliest enduro course.

E. YAMAHA AIR BOX WASH CAP

Eases air box cleaning and leaves no gaps that would allow water to penetrate when used. Features a large, tool-less knob and is made of ABS plastic with a fully sealed rubber gasket on the leading edge. It is easy to install and remove.

Fits '16~'18 WR450F; '15~'18 WR250F
1SL-E41E0-V0-00\$38.99

F. YAMAHA GENUINE WR PLASTIC KIT

Yamaha has made it easy to put a fresh set of fenders, shrouds, and side covers on your bike. Just like the originals because they're Yamaha Genuine, they fit right the first time. Kit does not include graphics or Yamaha emblems.

Fits '07~'11 WR450F/WR250F
5UM-W003A-00-00 (Blue).....\$129.99

G. YAMAHA GENUINE REPLACEMENT SIDE COVERS

The Yamaha Genuine Replacement Side Covers are sold as a set of two. Yamaha Genuine replacements for the stock covers (graphics not included). Less expensive than purchasing stock covers that use a very expensive inlay process for the graphics. Includes metal collars.

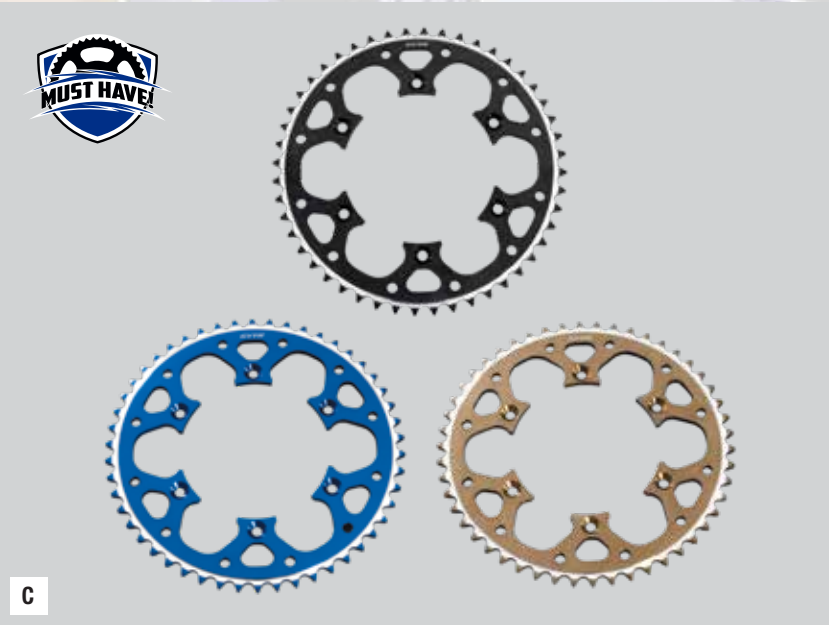

Fits '16~'18 WR450F; '15~'18 WR250F
1SL-W003D-00-00.....\$99.99

A. YAMAHA GENUINE TOP END GASKET KIT

These original-equipment Top End Gasket Kits were designed for convenience and total savings. Kits include the necessary gaskets, seals, and O-rings needed to reassemble your engine. They also include a complete part number list of all gaskets, seals, and O-rings for an in-depth engine overhaul.

Fits '03~'18 YZ250; '16~'18 YZ250X
1P8-W0001-00-00\$62.99

B. GYTR® OFF-ROAD FLYWHEEL

This complete flywheel assembly features an increase in inertia mass that smoothes the power delivery. Helps get power to the ground and keep your momentum up through corners and tricky sections, resulting in faster lap times and more race wins. Easy to install, allowing you the opportunity to change flywheels for different types of riding. Adds 8.04 oz for an inertia mass of 5.76 kg-cm².

NOTE: Flywheels are measured by inertia weights because the effect of the weight differs depending on where it is in relation to the center of the crank. So a 4 oz. and 6 oz. weight might have the same effect depending on where they are positioned in relation to the center of the crank.

Fits '03~'18 YZ250; '16~'18 YZ250X
GYT-5NX97-50-50\$158.99

C. VFORCE®3 HIGH PERF. REED VALVE SYSTEM

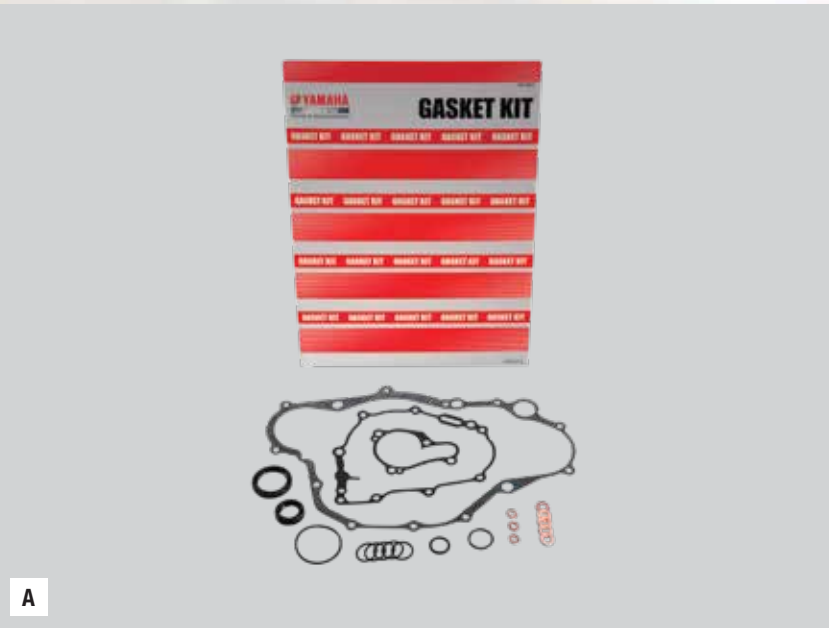

The VForce® 3 High Performance Reed Valve System is ultra efficient and provides increased throttle response and acceleration. YZ models are for closed-course competition regardless of modification.

Fits '05~'18 YZ250; '16~'18 YZ250X

A. PRE-FILTER BY OUTERWEARS®

Offers less maintenance in dusty conditions and pre-filters dirt. No critical airflow restriction or power loss. Works with Yamaha OEM Air Filter or GYTR Air Filter.

Fits '98~'18 YZ250; '16~'18 YZ250X
GYT-OSS56-31-85\$22.99

B. GYTR® BY FMF® RACING 2-STROKE EXHAUST PIPES

GYTR by FMF® Racing 2-Stroke Exhaust Pipes features expansion chambers that are developed to maximize power gains throughout the rpm range and provide improved throttle response as well as a broader, smoother power band all providing a more tractable power delivery. Pipes feature the stamped GYTR by FMF® logo, hand-pounded seams, natural and unplanted carbon steel finish, materials and manufacturing techniques that make a true 'Race Spec' pipe. Includes O-rings and is lighter than stock. Designed to be used with the GYTR by FMF® Racing 2-Stroke Exhaust Silencer (sold separately). YZ models are for closed-course competition regardless of modification.

Fits '99~'18 YZ250; '16~'18 YZ250X
1P8-E46A0-T0-00 (Raw)\$255.99
1P8-E46A0-V0-00 (Nickel-Plated)\$255.99

C. GYTR® BY FMF® GNARLY PIPE

Focuses on increasing the lower rpm horsepower and torque. Nickel plated, 18-gauge steel construction. Features a "GYTR by FMF" embossed logo. Can get you in and out of the toughest off-road course environments. Built to withstand the harsh off-road competition conditions. YZ models are for closed-course competition regardless of modification.

Fits '09~'18 YZ250; '16~'18 YZ250X
BF1-E46A0-V0-00\$249.99

D. GYTR® BY FMF® RACING 2-STROKE EXHAUST SILENCER

The GYTR by FMF® Racing 2-Stroke Exhaust Silencer was designed to work with the GYTR Racing 2-Stroke Exhaust Pipes. Improves performance. Features button-head screws for easy maintenance. Lighter than stock. Features the GYTR by FMF® badge. YZ models are for closed-course competition regardless of modification.

Fits '09~'16 YZ250; '16~'18 YZ250X
1P8-E47A0-T0-00 (Aluminum)\$133.99

E. GYTR® BY FMF® RACING 2-STROKE EXHAUST SILENCER

The TurbineCore 2" provides optimized performance with the functionality of a U.S. Forest-legal spark arrestor for sanctioned off-road competition such as a Hare & Hound series. The straight-through design of the spark arrestor canister and the performance flow stainless steel end cap ensures strength, durability, and most importantly, track and trail competition-proven unrestricted power. YZ models are for closed-course regardless of modification.

Fits '99~'16 YZ250; '16~'18 YZ250X
1P8-E47A0-V0-00 (Stainless Steel)\$164.99

F. YAMAHA REPLACEMENT 2-STROKE SILENCER PACKING KIT

The Replacement Two-Stroke Muffler Packing is designed for repacking silencers with blown-out or oil-soaked packing.

Fits '09~'18 YZ250; '16~'18 YZ250X
YZR-5DHPA-CK-NG\$8.99

G. OVERSIZED FUEL TANK BY IMS

These tanks are designed to carry more fuel and enhance the appearance of your motorcycle. Larger capacity than stock, yet very slim and sleek. Provides greater riding distance per full tank. Perfect for the race track, or hare scrambles where the extra distance can mean the difference between winning and losing. These tanks are made with Polyethylene Crosslink for extra strength and durability. Suitable only for closed-course competition.

Fits '07~'18 YZ250; '16~'18 YZ250X
GYT-OSS56-31-66 (White) (3.2 ga. capacity)\$274.99

5XC-F58EO-V0-00\$73.99

B. BATFLY 270 OVERSIZED ROTOR KIT

The 270mm Batfly is the natural evolution of the popular BRAKING™ design profile and is easily recognizable thanks to the black grooves that are cut across the outer braking track resembling bat wings, hence the name "Batfly." The new version features a new carrier that has been 100% heat treated and redesigned for strength as well as a redesign of the outer profile and grooves for a trick new look. With the larger 270mm diameter, maximum braking power is obtained, but with the Batfly design, brake feeling is increased even further, achieving the perfect combination of stopping power and brake feel. BRAKING's™ Batfly profile maintains the lowest temperature possible in race conditions, resulting in a better progression in brake feeling than any other oversized rotor kit available. Kit includes 270mm oversized Batfly design rotor, caliper relocation bracket, and a set of CM46 Sintered Race series pads.

Fits '08~'18 YZ250; '16~'18 YZ250X
GYT-OSS56-30-63\$354.99

C. GYTR® BY BRAKING™ SOLID REAR BRAKE ROTOR

The GYTR by BRAKING™ Solid Rear Brake Rotor is a high quality, durable, slot-less brake rotor that helps extend brake pad life in muddy conditions.

Fits '06~'18 YZ250; '16~'18 YZ250X

A. GYTR® TWO-STAGE FOAM AIR FILTER

High-flow, two-layer foam filter offers optimized filtration while maximizing airflow. Increases performance. Filter is completely washable and reusable. Service with Yamaha Genuine Foam Filter Oil. This accessory is restricted to closed-course use.

Fits '05~'18 YZ85
GYT-5PA95-00-00\$27.99

B. GYTR® BY FMF® RACING 2-STROKE EXHAUST PIPES

GYTR by FMF® Racing 2-Stroke Exhaust Pipes features expansion chambers that are developed to maximize power gains throughout the rpm range and provide improved throttle response as well as a broader, smoother power band all providing a more tractable power delivery. Pipes feature the stamped GYTR by FMF® logo, hand-pounded seams, and materials and manufacturing techniques that make a true 'Race Spec' pipe. Includes O-rings and is lighter than stock. Designed to be used with the GYTR by FMF® Racing 2-Stroke Exhaust Silencer (sold separately). YZ models are for closed-course use regardless of modification.

Fits '02~'18 YZ85

D. ATHENA® SUPER MINI 105/112CC EXHAUST SYSTEM

This exhaust system was designed and built in conjunction with 105cc/112cc Super Mini engine kits. The thin wall cone and stamp construction optimizes strong mid and top-end power and gives a pure raw factory look while improving performance over stock and other aftermarket YZ85 exhaust systems. The rebuildable silencer is constructed from lightweight carbon fiber and stainless steel and uses a unique adjustable O-ring bracket for a perfect fit. Exhaust Pipe and Silencer sold separately. (Pipe & Silencer shown). YZ models are for closed-course use regardless of modification.

Fits '02~'18 YZ85 with 105cc or 112cc Super Mini Cylinder Kit

A. YAMAHA GENUINE OFF-ROAD CLUTCH KITS

These complete Yamaha Clutch Kits include the plates, springs, and gaskets, ready to install. Refer to service manual for installation instructions.

Fits '05~'18 YZ85
5PA-W001G-00-00\$124.99

B. YAMAHA GENUINE FRONT FORK SEAL KITS

These Yamaha Genuine Fork Seal Kits come with the original equipment fork and dust seals. Don't settle for the next best thing from the aftermarket use Yamaha Genuine Fork Seal Kits for longer life and less maintenance. Don't forget to order the proper fork oil for your bike, as well. Yamaha Fork Oils are formulated specifically for your model and deliver the highest suspension performance possible.

Fits '02~'18 YZ85
4ES-W003B-00-00\$56.99

C. YAMAHA GENUINE BEARING KITS

These Yamaha Genuine Bearing Kits come with all of the components needed to rebuild the swingarm pivot, shock linkage, and shock bearings. Kits include all of the original equipment bearings, seals, O-rings, and collars your bike came with. Unlike some of the aftermarket companies that use a lower quality bearing, these bearings are O-ring sealed to prevent intrusion of dirt, mud, and water and are made of top quality materials. So, if you don't want to do the job again and in half the time your original bearings lasted, then use these Yamaha Genuine kits.

Fits '02~'18 YZ85

A. GYTR® REAR SPROCKETS

These GYTR Rear Sprockets are made from 7075-T6 billet aluminum CNC-machined for maximum fit accuracy. Features a radial mud groove etched just inside the sprocket teeth to shed mud and grit which saves weight and increases chain life. Sprocket sizes other than stock are for closed-course competition only on '06 and later off-road models and all street legal models. Changing the final drive ratio affects exhaust emissions and also affects speedometer readings.

Fits '02~'18 YZ85

GYTR – Four letters that spell exhilaration. . . well, not literally – they stand for "Genuine Yamaha Technology Racing,” and whether you’re flying through the whoops or leaning into the chicane, you’ll experience the over 40 years of bar-gripping, hair-standing, industry-leading technology and expertise GYTR engineers bring to every performance accessory they design.

From the early days of the “GYT KIT” to today’s GYTR, Yamaha’s relentless quest for the podium, mixed with a passion to win, has driven Yamaha engineers to design and develop race-caliber parts that could push already-dominant Yamaha machines to the next level.

GYTR vs. Aftermarket

Aftermarket is for amateurs. . . GYTR’s technology has helped propel Yamaha Factory Race Teams to more podiums than any other brand – it’s not just a statement, it’s a reality! Nowhere else in Powersports do you find true race-proven performance mixed with title-winning accessories developed by an OEM and available to all Yamaha riders.

GYTR accessories are designed in tandem with your Yamaha for unmatched integration, using state-of-the-art materials like carbon fiber and aircraft-grade aluminum. You’ll also find technologies like REM® finishing, a finish technology that, on a nano level, allows for better lubrication of internal engine components – to eke out even more horsepower for that slight extra edge.

Once the design is complete, GYTR items undergo the highest level of performance and durability analysis (we are talking grueling, hardcore testing here) for unmatched quality.

Why would you chance using an aftermarket accessory? GYTR accessories are the only Yamaha-backed, expertly developed products built for your Yamaha. . . anything else is just amateur.

Two-wheels or four, competition or fun, GYTR one-ups your ride.

A. CYCRA® FACTORY PROBEND® CRM RACER PACK

Exclusive Yamaha color way and shield graphics. Factory Edition Probend® CRM Complete Racer Pack includes: center reach bars, center reach mounting clamps, classic Enduro™ shields, Powergrip alloy bar ends, and all necessary hardware. Revolutionary patented billet construction. Trademarked Probend® shape. Replaceable integrated plastic abrasion guard; center reach clamps provide maximum bite to secure hand guards and allows for superior clearance on a wide range of bar. Powergrip alloy bar ends fit standard and oversized bars. Sold in pairs.

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-69 (White)\$169.99
DBY-ACC56-34-70 (Blue)\$169.99

B. CYCRA® CENTER REACH MOUNT COMPLETE RACER PACK

These Center Reach Mount (CRM) Complete Racer Packs include CRM Probend® bars, CRM mount clamps, classic Enduro shields, Powergrip bar ends, and Probend® abrasion guards. Revolutionary patent-pending design. Trademark Probend® shape. Replaceable integrated plastic abrasion guard. Center-reach clamps provide maximum bite to secure hand guards and allow for superior clearance on a wide range of bars. Powergrip alloy bar ends fit 1-1/8" oversized bars. Some control adjustments may be necessary.

Fits all 2-stroke and 4-stroke WR models with 1-1/8" bars and stock width
GYT-OSS56-30-48 (White)\$132.99
GYT-OSS56-30-49 (Blue)\$132.99

C. CYCRA® REBOUND HAND SHIELDS

Unrivaled strength against trail debris. Vigorously tested for durability and quality assurance. Great alternative to wraparound systems for woods or MX. Patented folding shield for those unexpected obstacles or accidental falls. Billet aluminum mounts and reinforced backbone on shield. In-molded rubber edge provides increased protection. Can be mounted over or under bars for easy installation and clean hand control area. Includes shields, mounts, and hardware. Sold in pairs.

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-71 (Black).....\$79.99
DBY-ACC56-34-72 (White).....\$79.99
DBY-ACC56-34-73 (Blue)\$79.99

D. CYCRA® SERIES ONE PROBEND® HAND GUARDS

Cycra® blended the best features of a straight bar and the classic Probend®, to result in the Series One Probend®. Many riders prefer the straight bar end with more of a closed-in area but still want ample room for levers, hands, and controls. Cycra® was able to accommodate both by adding a subtle drop in the bar end. Requires "U" Clamp Set (sold separately) for specific type of handlebar.

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-02 (White)\$64.99
DBY-ACC56-34-03 (Blue)\$65.99
DBY-ACC56-34-01 (Black).....\$64.99

E. CYCRA® SERIES ONE PROBEND® BAR "U" CLAMP SET

"U" Clamp Set for ProTaper® Pre-2007/Renthal® Fatbar/Tag T2 Handlebars.
To be used with DBY-ACC56-34-01, DBY-ACC56-34-02, or DBY-ACC56-34-03

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-04 (Natural)\$36.99

"U" Clamp Set for 7/8" bars.
To be used with DBY-ACC56-34-01, DBY-ACC56-34-02, or DBY-ACC56-34-03

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-05 (Natural)\$44.99

"U" Clamp Set for ProTaper® Evo and Contour/ Neken.
To be used with DBY-ACC56-34-01, DBY-ACC56-34-02, or DBY-ACC56-34-03

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-34-06 (Natural)\$44.99

A. TANK BAG BY NELSON-RIGG®

This multi-functional tank bag fits up on virtually any sport bike make or model but its strap mount design is ideal for the plastic-coated fuel tanks; most aftermarket tank bags are magnetic-based.

- Made from top quality, UV-treated Tri-Max ballistic nylon with Fibertech accents
- Has clear map holder on top or Tank Bag can be combined with the optional GPS Journey Mate (DBY-ACC56-25-15), sold separately, that attaches right on top of the Tank Bag
- Bag maintains shape
- Has reflective piping, lined interior, side zipper pockets for smaller items, mesh pocket with organizer under the lid
- Clear pouches are touch-screen-device friendly
- Adjustable shoulder strap also doubles as backpack straps
- Protective base material prevents slipping or marking
- Integrated cable/charging port pass-through grommet
- Includes 100% waterproof rain cover
- Main compartment dimensions: 13"L x 9"W x 7"H (13"L x 9"W x 9.5"H when expanded)
- 13L capacity, 18L when expanded
- Backed by the Nelson-Rigg® lifetime warranty

Fits '08~'18 WR250R; '08~'11 WR250X
DBY-ACC56-25-14 (Black).....\$109.99

B. GYTR® QUIET PERFORMANCE WR MUFFLER INSERT

The GYTR Quiet Performance WR Muffler Insert is designed to be used with the stock exhaust system. This muffler offers a power increase while allowing your muffler to pass the 96 dBA 20" stationary test.

This accessory is restricted to closed-course competition use. See California Regulations regarding Emission-Related Parts and Accessories for products for closed-course competition use only

Fits '08~'18 WR250R
GYT-5TJ93-75-01\$52.99

C. YAMAHA GENUINE FRONT FORK SEAL KIT

These Yamaha Genuine Fork Seal Kits come with the original equipment fork and dust seals. Don't settle for the next best thing from the aftermarket; use Yamaha Genuine Fork Seal Kits for longer life and less maintenance. Don't forget to order the proper fork oil for your bike, as well. Yamaha Fork Oils are formulated specifically for your model and deliver the highest suspension performance possible.

Fits '08~'18 WR250R; '08~'11 WR250X
5ET-W003B-00-00\$43.99

D. GYTR® MAGNETIC OIL DRAIN PLUG

Replace the stock steel drain plug with this 6061 billet magnetic oil drain plug that features:

- 60% lighter than stock
- Includes a magnet that collects metal shavings
- Prevents metal shavings from circulating in the motor

Fits '08~'18 WR250R; '08~'11 WR250X
YZR-DRAIN-00-BL (Blue).....\$26.99

E. GYTR® 14MM TIMING PLUG

These anodized 6061 billet aluminum timing plugs replace the stock plastic plugs.

Fits '08~'18 WR250R; '08~'11 WR250X

B. YAMAHA DELUXE HOUR METER & TACHOMETER

The Yamaha Engine Meter helps you keep track of your engine's operating hours. Also includes pre-programmed service intervals at 10 hours (initial) and every 50 hours thereafter. A flash alert displays for a 2-hour period upon reaching the specified interval. Works with all Yamaha 2-stroke and 4-stroke models, including Yamaha gasoline generators and pumps. Combined hour meter and tachometer option available for 4-stroke models only.

ENG-METER-4C-01\$58.99

C. STANDARD HOUR METER

This Standard Hour Meter is a must-have for logging time on your Yamaha engine. Hour meter function only (no service alerting function). Installs in minutes.

Fits all Yamaha two-stroke and four-stroke gas models
ENG-HOURS-00-00\$53.99

D. ATZ7-8 BATTERY BY ANTIGRAVITY BATTERIES®

Increasing performance for competition usually means improving the motorcycle or ATV's power-to-weight ratio by either adding more power or taking away weight. However, this can be expensive. One of the easiest and least expensive ways to eliminate pounds of weight is often overlooked – the battery. Now there is a much lighter alternative, the lithium-iron-phosphate (LiFePO₄) batteries from Antigravity Batteries®. While a traditional YTZ®10 lead/acid battery for a YZF-R1® or YZF-R6® weighs about 8 lb Antigravity's equivalent lithium-iron battery weighs about 2 lb, about 75% lighter and an easy savings of nearly 6 lb!

Additional Features:

- Size: Direct replacements for the OE battery with the same case dimensions and connectors, providing a perfect fit and 70-80% weight savings
- Better Starting: Larger ignition spark and higher voltage on the starting pulse than a lead/acid battery
- No Maintenance: No liquids to spill and no trickle charging necessary to keep the battery charged
- Durable: Will not be damaged by vibration or heat like a lead/acid battery while also being completely waterproof
- Non-Toxic: Chemical make-up does not contain highly toxic materials such as acid or lead

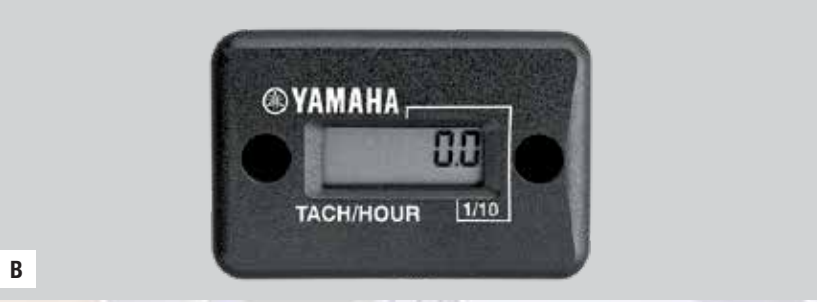

OptiMate® Lithium-Iron Battery Charger, sold separately, required for charging this battery.

Useable for '09, '11~'13, '15~'18 WR250F; '08~'18 WR250R; '08~ '11 WR250X; '09, '11~'18 WR450F; '15~'18 YZ250FX

A. MICRO-START™ XP-1 BY ANTIGRAVITY BATTERIES®

The Micro-Start™ XP-1 PPS (Personal Power Supply) is the world's smallest jump starter and personal power supply. So small it fits in your pocket, yet so powerful it can jump start cars, trucks, motorcycles, ATVs, side-by-sides, snowmobiles, boats, and personal watercraft. It also charges and powers most electronic devices such as laptops, cell phones, iPad® mobile digital devices and other tablets, digital readers, Bluetooth® devices, GPS devices, MP3 players, cameras, and more. So whether you're working, riding, driving, camping, or boating ... you've got peace of mind with the Micro-Start™ XP-1 right there in your pocket!

Features include:

- Small and lightweight — 6" long x 2-7/8" wide x 1" tall and weighs just 14 oz.
- 3 on-board power ports: 19 V for laptops, 12 V standard output for all 12 V accessories, and USB 5v output
- Lighted battery capacity indicator
- Built-in over-charge and over-discharge protection for long battery life
- Automatic power-off feature when not in use
- Built-in high-power LED flashlight with two pre-programmed flash patterns, including an S.O.S. pattern
- 200A/ 400 A peak
- 12,000 mAh

Kit includes:

- Micro-Start™ XP-1 unit
- Slim leather carrying case
- Detachable mini jumper clamps
- Black universal cable with 8 different detachable tips to fit different brands of laptop charging ports
- Black universal cable for all 12 V accessories
- White universal USB cable with 8 different detachable tips to fit most 5 V USB-chargeable electronics
- Home charger
- Mobile charger (for charging via the cigarette lighter socket in your vehicle)

DBY-ACC56-24-57\$159.99

B. NEW! MICRO-START™ SPORT BY ANTIGRAVITY BATTERIES®

The Micro-Start™ SPORT is one of the smallest lithium-ion Jump Starter/Personal Power Supply (PPS) units available. It's also the most compact Micro-Start™ Kit offered. The SPORT is small enough to fit in your pocket yet so powerful it easily starts cars, trucks, motorcycles, ATVs, UTVs, snowmobiles, watercraft, and more.

Features include:

- Extremely lightweight and compact: only 5" x 2.8" x 0.875" inches and weighs just 9.75 oz.
- Can power and charge all 5 V devices: cell phones, cameras, tablets and much more
- The SPORT is set apart from other Micro-Start™ models by its ability to recharge from any available USB outlet, such as on your computer, in your vehicle, or even your existing phone charger
- High-power 70-Lumen LED flashlight (with 3 built-in beam modes — steady, strobe, and SOS beacon)
- Lighted battery capacity indicator (press button to see level of battery capacity remaining)
- Automatic power-off feature when not in use
- Built-in over-charge and over-discharge protection
- 150 Amp starting current – 300 A Peak
- 7,500 mAh capacity

Kit includes:

- Nylon Carry Case (7" x 4" x 2.5") that holds all parts neatly organized
- Micro-Start™ SPORT PPS Unit
- Set of SMART Mini Jumper Clamps with multiple safety protections built-in (prevents reverse polarity connection, over-charge, over-discharge, short-circuit, back-charge)
- Universal 4-into-1 USB Cable (white) with four of the most common tips to fit 5V USB-chargeable electronics: Mini USB, Micro USB, Apple Lightning® (8-pin type), and 30-pin connectors
- Instruction Manual

A. MICRO-START™ XP-10
BY ANTIGRAVITY BATTERIES®

The Micro-Start™ XP-10 PPS (Personal Power Supply) and Jump Starter features up to 600 peak amps of jump-start/booster power and has 18,000 milliamps of capacity. It offers 19 V, 12 V, and 5 V USB ports to charge most devices and has a high-power LED flashlight with S.O.S. flash patterns. This high-power lithium-ion booster pack is small enough to fit in your pocket yet so powerful it can jump start all motorcycles, ATVs, UTVs, snowmobiles, watercraft, boats, V8 trucks, and even diesel motors up to 8 liters. It also powers and charges laptops (not 16v Apple® laptops), cell phones, iPhone® mobile digital devices, tablets, Bluetooth® devices, cameras, PDAs, GPS devices, MP3 players, digital readers, gaming systems, and more. The pocket-sized Micro-Start™ weighs just over a pound (only 18 oz.) and has a nice ergonomic design. Just charge it and easily take back-up power with you wherever you go.

Features include:

- Small and lightweight: 9" long x 3.2" wide x 1.2" tall and weighs just 18 oz.
- 19 V output port for laptops
- 12 V standard output port
- 5 V USB port
- High-power LED Flashlight (with 2 flash patterns)
- Lighted battery indicator
- Built-in over-charge and over-discharge, reverse polarity, short circuit protections
- Automatic power-off feature when not in use

Kit includes:

- Slim Leather Carry Case
- Micro-Start™ XP-10 Unit
- Detachable SMART Mini Jumper Clamps
- Universal Cable (black) with 8 different detachable tips to fit laptop-charging ports for various brands (Acer®, Dell™, HP®, Asus®, and more)
- Universal Cable (black) for all 12 V Accessories (e.g. mobile DVD players)
- Universal USB Cable (white) with 8 different detachable tips to fit all 5 V USB-chargeable electronics
- Home charger for wall charging that is compatible with 110V and 220 V outlets
- Mobile charger for plugging into cigarette lighter socket

DBY-ACC56-25-02\$209.99

B. JUMP START HARNESS KIT
BY ANTIGRAVITY BATTERIES®

- Permanently affixes a 12" long jump start harness to your battery.
- Eliminates the need to carry jumper cables – just plug your Micro-Start™ directly to the cable lead.
- Comes with an SAE adaptor (fits most newer battery chargers) to charge your battery while stored.
- SAE adapter is also included which allows you to hook up a standard SAE-type charger to the Micro-Start™ harness. The adapter converts the Micro-Start™ harness (blue connector) down to an SAE connector so you can easily hook up your battery charger and eliminate the standard SAE harness you might have.

NOTE: A standard SAE-type harness will NOT handle jump-starting – the wire gauge is much too thin and the wires will melt. The Micro-Start™ is intended for jump starting only through the jump start port. Never leave the Micro-Start™ connected to your vehicle's battery for longer than 30 seconds. Never use the Micro-Start™ in place of your regular battery. Never attempt to charge the Micro-Start™ directly from your battery through the jump start port – this could result in severe damage.

DBY-ACC56-24-98\$26.99

A. REPLACEMENT MINI JUMP START CLAMPS
BY ANTIGRAVITY BATTERIES®

- Replacement for lost or damaged cables
- Compatible with the Micro-Start™ XP-1, XP-3, XP-5
- Clamps feature a built-in diode to prevent back-charge to the Micro-Start™ from the vehicle

NOTICE: Cables can be damaged when trying to jump start a vehicle that draws more current than the Micro-Start™ is capable of supplying - if this occurs regularly, you need to get a larger Micro-Start™. The Micro-Start™ is intended for jump starting only through the jump start port. Never leave the Micro-Start™ connected to your vehicle's battery for longer than 30 seconds. Never use the Micro-Start™ in place of your regular battery. Never attempt to charge the Micro-Start™ directly from your battery through the jump start port – this could result in severe damage.

DBY-ACC56-24-99\$16.99

B. 6-IN-1 RETRACTABLE USB
BY ANTIGRAVITY BATTERIES®

- The 6-in-1 Retractable USB by Antigravity Batteries® features:
- Saves space and easy to carry anywhere you go
- 30" long when fully extended and 4" when retracted
- Covers most of your USB device charging needs
- Charging tips include: Micro USB, Mini USB, Apple® 30-Pin and Lightning® (8-pin type) connectors, Samsung®, and Nokia®

DBY-ACC56-25-00\$10.99

C. BATTERY TENDER® PLUS

The Battery Tender® Plus is a 1.25 amp battery charger designed to fully charge a battery and maintain it at proper storage voltage without the damaging effects caused by trickle chargers. Included is a quick connect ring terminal harness for hard to reach areas and alligator clips for an alternate connection.

ACC-CHGBT-TN-12\$76.99

D. BATTERY TENDER® WATERPROOF 800

This compact 800 battery charger has all the charge characteristics of its cousin, the Battery Tender® Junior. It incorporates highly efficient surface mount technology electronic components. The interior is completely encapsulated, protected from shock, vibration, and moisture by an electrically insulating, thermally conductive, flame retardant, synthetic epoxy resin compound. It's tough, affordable, and a strong, innovative battery charging solution. This charger is no larger than a standard computer mouse yet packs 800 milliamps of pure constant current charging power. Coupled with a brain (IC chip), the charger will constantly monitor, charge, and then maintain your battery – even while totally submersed under water! Perfect for all outdoor types of ATVs, watercraft, motorcycles, boats, or anywhere water is a threat. Charges 12 V @ 800 mA.

This Ring Terminal Harness can be used with multiple battery types and is compatible with any battery charger using a SAE-71 connector. Image is of the bulk container for dealer display (25 per jar). See your dealer for individual quantity and pricing.

SBT-0069J-25-11\$170.99

D. OPTIMATE® LITHIUM-IRON BATTERY CHARGER

Lithium-iron (LiFePO₄) batteries take a charge in a different way from lead/acid batteries. Attempting to use an automotive or motorcycle charger intended for lead/acid batteries can permanently damage a lithium-iron battery. The OptiMate® brand is a technology leader well known for high-quality battery chargers. That is why we are pleased to offer the OptiMate® Lithium charger specifically designed for LiFePO₄ batteries. This charger will safely test, charge, and maintain lithium-technology batteries, protecting your investment.

DBY-ACC51-70-02\$140.99

E. OPTIMATE® 1 BATTERY CHARGER

Never have another dead battery! The OptiMate® 1 Charger can be left plugged into any vehicle's 12-volt battery all season long. Comes standard with clip type lead and weatherproof permanent adaptor for quick and easy connect/disconnect. LED's for power on, charging, and charged battery states. Comes with a 3 year warranty.

DBY-ACC51-70-11\$39.99

F. OPTIMATE® 4 BATTERY CHARGER

A truly diagnostic 0.8 amp battery optimizer for 12 V lead-acid batteries (sealed maintenance-free, gel, or filler caps). The microprocessor-controlled OptiMate® 4 is designed to save neglected batteries and features:

- Dual-stage "Recovery" and "Turbo Recovery" desulfating action
- Sealed waterproof enclosure is ideal for snowmobiles, watercraft, and golf cars
- Special cables and bushings for ultra-cold temperatures down to -40° F
- Includes wall mounts, and now shows current display, hourly testing with easy to identify results, plus 24/7 maintenance
- Recommended for all 12 V lead-acid batteries up to 75 Ah

DBY-ACC51-70-01\$74.99

This stand from G2 Ergonomics® features double-stem tubular construction and is far stronger than aluminum lift stands. This stand is designed to be carried by the handle unlike other stands on the market. The large handle makes it easy to lift and lower the motorcycle.

GYT-OSS56-31-84 (Black)\$59.99

C. A2 ALUMINUM STAND BY MATRIX CONCEPTS™

The A2 Aluminum Stand by Matrix Concepts™ is super lightweight and strong 6063 aircraft aluminum bike stand featuring the Yamaha logo.

DBY-ACC56-34-58 (Black).....\$139.99

D. C1 CARBON STEEL STAND BY MATRIX CONCEPTS™

The C1 Carbon Steel Stand by Matrix Concepts™ is a strong powder coated 1010 carbon steel bike stand.

DBY-ACC56-34-54 (Black, Matrix Branded)\$59.99

DBY-ACC56-34-56 (Black, Yamaha Branded) (Shown)\$59.99

DBY-ACC56-34-57 (Blue, Yamaha Branded).....\$59.99

E. GYTR® WORK PAD

Work pad goes under and around your bike's work stand. It's padded so it is soft on your feet and knees while you prep your bike. You can use it as a changing pad so you don't get dirty suiting up. Now with durable center patch sewn in for placement of a work stand (as shown here) and to help keep the mat in place while in use.

A. YAMALUBE®/ GYTR® RACE PIT MAT BY MATRIX CONCEPTS™
The Race Pit Mat is perfect for the garage, outdoors, or in the pits at the track to provide superior footing.

- Extra thick 3' x 7' 2mm PVC rubber
- Rubber and screen printing are both gas and oil resistant
- Includes netted bag and mat rolls up for easy transport

ACC-YLRCE-PT-MT	\$109.99
-----------------------	----------

B. YAMAHA RATCHETING TIE DOWNS
The Yamaha Ratcheting Tie Downs are 1" x 10" with 1" rubber handle ratchet. Straps are rated for 400 lb., working and 1200 lb. break strength. (Sold in pairs).

ACC-OSS58-40-29 (Black) (Shown)	\$20.99
ACC-OSS58-40-30 (Blue).....	\$20.99

C. YAMAHA CAM BUCKLE TIE DOWNS
The Yamaha Cam Buckle Tie Downs are 1" x 6' with 1" cam lock buckle. Straps are rated for 400 lb. working and 1200 lb. break strength. (Sold in pairs).

ACC-OSS58-40-27 (Black) (Shown)	\$19.99
ACC-OSS58-40-28 (Blue).....	\$19.99

D. RAT PAK TIE DOWNS BY ANCRA®
The Rat Pak Tie Downs are ideal when greater tensioning power is needed. It incorporates Ancra's® 1" ratchet buckle, nylon webbing, vinyl coated hooks with an overall length of 5-1/2'. Assembly strength is 1200 lb. with a 400 lb. working load limit. (Sold in pairs).

DBY-ACC58-40-52 (Red)	\$40.99
DBY-ACC58-40-53 (Black).....	\$40.99

E. INTEGRA® CLASSIC TIE DOWNS BY ANCRA®
The Integra® Classic tie down incorporates a soft hook extension to the fixed end of the tie down to loop around larger diameter handlebars, frame member, triple tree clamp or other structural point. Overall length is 69", and made with abrasion-resistant nylon webbing and vinyl-coated hooks. Assembly strength of 1200 lb. with a 400 lb. working load limit. (Sold in pairs).

DBY-ACC58-40-49 (Red)	\$40.99
DBY-ACC58-40-50 (Black).....	\$40.99

F. INTEGRA® RAT PAK TIE DOWNS BY ANCRA®
The Integra® Rat Pak is the same high-quality tie down as the Rat Pak, except the Integra® has a built-in soft hook on the fixed end for looping around handlebars, frame tubes, triple-tree clamps, and other structural members. It's constructed of abrasion-resistant nylon webbing with two vinyl-coated hooks. Overall length is 5-1/2'. Assembly strength of 1200 lb. with a 400 lb. working load limit. (Sold in pairs).

DBY-ACC58-40-54 (Red)	\$43.99
DBY-ACC58-40-55 (Black).....	\$43.99

G. ORIGINAL TIE DOWNS BY ANCRA®
The Original Tie Downs by Ancra® set the standard with its features that includes:

- 5-1/2' long
- Constructed of abrasion heavy-duty 1" cam buckle
- Zinc cam and pressure plate to reduce webbing abrasion
- Vinyl-coated hooks
- 1200 lb. assembly strength with 400 lb. working load limit
- Sold in pairs

DBY-ACC58-40-56 (Red)	\$35.99
DBY-ACC58-40-57 (Black).....	\$35.99
DBY-ACC58-40-58 (Blue).....	\$35.99

NOTES

[illegible]

California Regulations Regarding Emission-Related Parts and Accessories

California law regulates on- and off-highway vehicle aftermarket parts that have the potential to impact emissions. California law prohibits the installation, sale, and on- and off-highway use of any emissions-related part unless the part is (1) a replacement part, (2) a modified or add-on part that has received an exemption from the California Air Resources Board (“ARB”) or (3) a part installed on a vehicle used exclusively for closed-course competition (i.e., racing).

Replacement Part

A replacement part is generally any aftermarket part intended to replace an original equipment emission-related part and which is functionally identical to the original equipment part in all respects that in any way affect emissions.

Modified Part or Add-On Part

A modified part is any aftermarket part intended to replace an original equipment emissions-related part and which is not functionally identical to the original equipment part in all respects that in any way affect emissions. An add-on part is any aftermarket part which is not a modified part or a replacement part.

Closed-Course-Competition Part

A closed-course-competition part is a modified part or add-on part that has not received an exemption from the ARB. A closed-course-competition part may only be sold and installed on a vehicle that is used exclusively for closed-course competition. California dealers selling closed-course-competition parts should maintain records of the sale and/or installation, including the date of sale, purchaser name and address, vehicle information and work performed, if applicable.

More information may be obtained at the ARB website - www.arb.ca.gov.

Manufacturer's Suggested Retail Prices (MSRP) shown. Actual prices set by dealer. Product and specifications subject to change without notice. Some specifications and measurements may be approximations. Availability subject to production, stocking, and demand.
